CHRIS VERRA

SCRUM Master | Software Engineer

EXPERIENCE

Lecturer, Amsterdam University of Applied Sciences
November 2019 – Current

Teaching Software Engineering students
Subjects: SCRUM, Design & Development, Mobile Development
Product owner and Scrum master for PAD.

iOS Developer, Alteza
September 2018 – April 2019

Worked for NPO (through Egeniq) on the core features: **Listening and scrolling through live radio, Podcasts, Live Chat** (web-socket). In this project I was primarily responsible for creating the live chat functionality and **Spotify API integration** amongst other things. During this period I also functioned as SCRUM Master for the team.

Mobile Developer, Oberon
June 2016 – September 2018
February 2016 – June 2018 - Internship at Oberon

Responsible for **iOS/Android/React Native** apps for various different companies. Obtained my competencies with Git, Jira, Xcode, Swfit, Objetive-C, Cocoapods, SCRUM. The major focus of my employment at Oberon was working on iOS apps; when necessary I would also fix issues for Android. From September 2017, Oberon decided to pursue **Hybrid apps** and my main focus was on React-Native. During that period, I was outsourced to Ben (a T-Mobile subsidiary) as a **Lead Developer** and supervised team of 5.

Notable clients I worked for: T-Mobile, Ben, Thales, Ajax, Nutricia
Promotion to Medior.

Web Developer, WebUser
November 2012 – April 2014

Creating WordPress and Magento websites for small businesses. Mainly worked with **HTML/CSS/JavaScript**. I worked together with a UI/UX designer, SEO specialists and the hosting department do deliver dynamic WordPress and Magento websites. Had sole responsibility for delivering websites from start to finish

Entrepreneur, Chris Verra Media
September 2011 – Current

Created websites and apps for small businesses. Primarily founded to fund my education. Worked with international non-profit organization, national celebrity
